

Rules for pets from Ukraine in home isolation

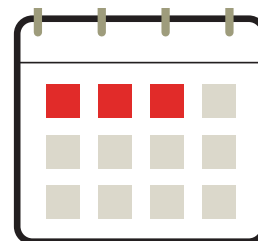

Pets can **not have contact** with people or animals outside the household.

Dogs, cats and ferrets must **always be kept on a leash** when outside, and can **not have contact** with other animals or people. Other pets must be kept indoors.

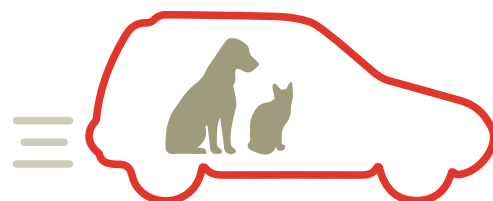

Make sure that the pet is **not able to escape** when it is indoors.

Home isolation for dogs, cats and ferrets will normally last for **3 months**.

The Norwegian Food Safety Authority must be notified if the animal's health or behaviour changes, call tel. **(+47) 22 40 00 00**.

The Norwegian Food Safety Authority must be notified of a change of address for the animal, by e-mail **ukraina@mattilsynet.no**
