II. Origin of the products

Address(es) and number(s) of preparation or processing establishment(s) authorized by the Norwegian Food Safety Authority:

Name and address of consignor:

III. Destination of the products

The product is to be dispatched from: (Place of dispatch)

to: (Country and place of destination)

by the following means of transport:

Name of consignee and address at place of destination:

Specimen
IV. Attestation

The undersigned official inspector hereby certifies that the products described above were produced in accordance with the relevant provisions of Regulations (EC) No 178/2002, (EC) No 852/2004, (EC) No 853/2004, (EC) No 854/2004 and (EC) 2073/2005 and in particular that they:

1) come from (an) establishment(s) implementing a program based on the HACCP principles in accordance with Regulation (EC) No 852/2004;

2) have been caught and handled on board vessels, landed, handled and where appropriate prepared, processed, frozen and thawed hygienically in compliance with the requirements laid down in Section VIII, Chapters I to IV of Annex III to Regulation (EC) No 853/2004;

3) satisfy the health standards laid down in Section VIII, Chapter V of Annex III to Regulation (EC) No 853/2004 and the criteria laid down in Regulation (EC) No 2073/2005 on microbiological criteria for foodstuffs;

4) have been packaged, stored and transported in compliance with Section VIII, Chapters VI to VIII of Annex III to Regulation (EC) No 853/2004;

5) have been marked in accordance with Section I of Annex II to Regulation (EC) No 853/2004;

6) have satisfactorily undergone the official controls laid down in Annex III to Regulation (EC) No 854/2004;

7) contain exclusively non-mammalian, non-ruminant and non-avian protein;

8) were entirely derived from fresh krill material which have been found fit for human consumption;

9) were produced in a processing establishment dedicated to krill/fish meal and oil production. Material of terrestrial animals, including ruminants, or avian animals, is not received, stored or used in this establishment;

10) contain no materials derived from fish of the family Salmonidae (i.e. salmon, trout or related species);

11) contain no plant (excluding antioxidants), algae (including microalgae) material or live animals;

12) the end product was packaged in new packing material or in the case of dispatch as bulk transport: container or any other means of transport was thoroughly cleaned and disinfected with a disinfectant approved by the competent authority before use;

13) the end product was stored in closed packaging;

14) the end product has undergone all precautions to avoid recontamination with pathogenic agents after the treatment;
